Do you Travel?

Yes, we travel and we would love to discuss travel details with you

How do we book?

After looking through our portfolio on our Instagram please send us an inquiry through the contact tab. We respond within 2 to 3 hours. Monday-Friday. We offer over-the-phone consultations to discuss the booking. A 50% non-refundable retainer fee for date reservation and both signatures are required to reserve our services for your date. Once The retainer is paid, we start to reject any event that falls on that day.

How far in advance should we book?

ASAP. We book weddings a year or two in advance for early birds. To keep the booking process fair, our policy is that we do not hold or secure dates without a signed contract and deposit. The one thing that breaks our heart the most is when we get to learn about a couple, fall in love with their story, and find out we're not booked for their dates. If you want to secure your dates with us, please contact us to arrange a consultation.

How long will it take to deliver?

Since we take on such a limited amount of weddings per year we have a faster turnaround time than most photographers! Our turnaround for weddings is 5 weeks. We deliver the photos while the excitement is fresh with each and every image professionally edited.

KINDLY Note!

All pictures will be normally edited. However, retouching your image means we move the focus of our editing from the general aesthetics of your photograph to specific elements within the picture. This means that certain flaws noticed in the elements within the image such as messy hair, patchy makeup, rough skin, protruding stomach and other wanted/unwanted elements will be further corrected by eliminating or adding to the picture for an entirely glowing effect on images. Furthermore, other photographic filters and colour grading can also be added to the photograph when necessary to produce a unique and outstanding image. It's almost like the perfect picture!
